PROJECTS

E-Commerce website API | JavaScript [Frontend github][Backend github]

- Developed a full-stack e-commerce web application using React.js, Tailwind CSS, Node.js, and MongoDB
- Implemented secure user authentication and authorization using JWT & bcrypt, supporting login, signup, and role-based access (admin/user).
- Built a RESTful API backend in Node.js/Express to manage product listings, users, orders, and cart functionalities with optimized routing and middleware.
- Designed dynamic and responsive UI components in React.js with Tailwind CSS for product pages, search filters, shopping cart, and checkout workflow.
- Integrated MongoDB database with Mongoose for efficient storage and retrieval of products, user profiles, cart data, and order history.

Chat-Mate | Real-Time Chat Web Application [Frontend github][Backend github]

- Developed a full-stack real-time chat web application using React.js, Tailwind CSS, Node.js, Express, MongoDB, and Socket.IO
- Implemented secure user authentication using JWT and bcrypt, enabling protected routes and authenticated real-time communication
- Built a RESTful API backend in Node.js/Express to manage users, messages, conversations, And profile data
- Integrated Socket.IO for instant messaging, typing indicators, and online/offline user presence
- Designed a modern, responsive chat interface in React.js with profile panels, emoji support, and smooth message scrolling
- Used MongoDB with Mongoose to efficiently store users, messages and chat history.

TECHNICAL SKILLS

Language : C++, JavaScript , C , Python ,HTML , CSS
Frameworks : React Js ,Next Js ,Express Js , Tailwind CSS
Miscellaneous : Node Js
Database : Mongo DB
Developer Tools : Git & GitHub , VS Code

EDUCATION

Techno Main Salt Lake, Kolkata
Bachelor of Technology in Computer Science (CSCS) – 6. .45 CGPA (till 7th Semester)

RELEVANT COURSEWORK

- Data Structures and Algorithms
- Object Oriented Programming
- Operating System
- Database Management Systems

ACHIEVEMENTS

- Participated in coding competitions, earning recognition for problem-solving and algorithms.
